## SKILLS SUMMARY

●●●● C#

●●●● Python

●●●● JavaScript

●●●● Unity 3D

## ABOUT ME

I am Yeshu Wahane, undergraduate student from Pune University and Linux enthusiastic. I like to spend my most of the time to make some cool and weird web-app and Games using unity 3d engine. And I like to explore, learn and contribute to open source World. In my First year I learned C language and python, with python I made flappy bird and tic-tack-toe game and twitter bot. In summer Vacation I learned javascript and C# for unity .I made Flappy bird, endless runner, FPS-Shooter, with javascript i made my portfolio site , some weird web-app like death calculator and brain relaxer .
